

2022 Summer Soccer Camp

The camp for the serious player & parent!

Camp #1: June 20-22, 2022 (7-10 year old girls and boys)

Camp #2: July 11-13, 2022 (11-13 year old girls and boys)

Camp #3: August 1-3, 2022 (14-16 year old girls and boys)

Check-in time: 5:30PM

Check-out time: 8:15 PM

Cost: \$299 per player

Location: Hosses Soccer Fields. [Please click here for google maps to field](#)

The purpose of TD Soccer Performance Academy Summer Soccer Camp is threefold:

1. To introduce a SCIENTIFIC and MODERN method to develop soccer performance
2. To challenge players in new ways. We are raising the stand of youth soccer development.
3. Players will understand what it takes to play at higher levels (e.g. travel team, high school, college and pro)

Additional Details

The TD Soccer Summer Camp will be held outdoors at the Hosses Soccer Fields. We will be using the fields for the summer camp for both field and goalkeeper training.

Since we want to maximize player development, we will be **LIMITING the number of spots to 10 field players per camp**. Registration closes June 1st, 2022 or beforehand if spots are filled.

Field Player Training: This camp seeks to expose youth soccer players and parents to a higher standard of training. The attention to detail will be second to none. Players will be coached by Travis DiLeo and Travis Young (Bloomsburg college standout). Players will perform a wide variety of fundamental skills, and will progress appropriately based on current skill levels. Players will be introduced to new soccer tactics to improve their “soccer brain”. Skills and tactics will be combined in high-stress soccer scenarios against the coaches to develop sensory systems for reaction. Finally, each night of training will end with either small sided games OR in a competition to test the skills learned.

ITINERARY

Check-in:

Official check-in will be held the first Monday of camp at 5:30 PM. This is when each player will receive his/her camp gear.

Tentative Schedule (each camp night):

5:30-5:50pm Check-in
5:50-6:00pm Introduction / Review Rules of the camp
6:00-6:15pm All campers warmup
6:15-6:20pm Transition to session #1
6:20-7:00pm Training Session #1 (e.g. step frequency, quick touches, first touch, speed dribble)
7:00-7:10pm Water break, bathroom break, teaching moments, explain Session #2
7:10-7:50pm Training Session #2 (e.g. fakes, feints, turns, and reaction drills)
7:50-7:55pm Quick drink break if needed
7:55-8:15pm Session #3 OR small sided game / competition
8:15-8:20pm Camp huddle and parent pickup

WHAT TO BRING?

- Footwear: Grass spikes ONLY!
- Shin guards & soccer socks
- Drink: Water, Gatorade, etc.
- Snacks: protein bars, fruit, etc.
- Training apparel: T-shirt & Shorts
- NO soccer ball. I will provide all soccer balls.

PLAYER RULES

- No swearing
- All players must follow coach instructions. We will allow 1 warning, but the second warning will result in asking the player to sit outside the play area until the session concludes. After 3 warnings, the player will be asked to not return to the camp for the remaining nights and no refunds will be given.
- No eating or drinking on the field play area – all drinks must be consumed at the designated rest area
- When we take breaks, players must be quick and return to the coach's area for new instructions.

PARENT RULES

- Please observe camp training from outside the field area. Parents will not be allowed on the soccer fields unless it is a medical or family emergency.
- Parents may not interfere with training at any time. If you have questions or concerns, please wait until after the camp night has concluded. Failure to abide by these rules will result in your child missing out on the remainder of the camp with no refund.
- Parents MUST be prompt to pick their kids up at the Soccer Fields by 8:30PM. Every 5 minutes that passes will result in additional fees.

MEDICAL

I have my Advanced Cardiovascular Life Support certification, which is the highest certification to treat life threatening circulatory and breathing conditions (e.g. heart attack, asthma attacks). I was also gifted an AED (automated external defibrillator) from UPMC in 2021 in the rare case that a cardiovascular event has occurred. These conditions are extremely unlikely, but we are prepared to be first responders if needed. Minor injuries can be treated with bandaids and icepacks, with the medical kit we have on scene. Additional medical treatment will result in calling 911.

REFUND POLICY

- No refunds will be given unless a family or medical emergency has occurred. I am a pretty understanding person, so if the situation is extreme, I will absolutely be considerate of your reason.

COMMUNICATION OPTIONS

- Primary communication: Email me travis@tdsocceracademy.com.
- Secondary communication: Text or call me: 814-935-7887
- Social Media (Facebook & Instagram: follow me @tdsocceracademy). Pictures and video will be uploaded from the camp.

GIVEAWAY: Everyone will be entered into 1 final drawing hosted on Facebook Live August 4th at 7:30PM. The 1 Winner gets an authentic jersey signed by the amazing, Pele! This jersey is valued at \$770.
